

CLASH OVER PRIMARY RESULT

**TAFT AND ROOSEVELT HEAD-
QUARTERS DISAGREE.**

Word Lie Used Frequently by Senator Dixon When Charge Was Made by Roosevelt Managers to Carry Maryland.

Washington, May 7.—The Taft and Roosevelt national headquarters clashed today over the Maryland primary result. The word "lie" was freely used by Senator Dixon, head of the Roosevelt committee.

Early in the day the Taft headquarters put out a statement on the Maryland results, part of which follows:

"More than half of Mr. Roosevelt's entire delegation came from the city and county of Baltimore, where it is stated the Roosevelt managers placed \$10,000 among their workers at an early hour yesterday."

Another part said:

"In Prince George county, which definitely decided the contest so far as present returns indicate, Roosevelt money in large amounts was poured into the county. Large rolls of small bills, accompanied by checks, to be used if needed, were sent out from Washington on Sunday, at least one well known leader in the district having voluntarily exhibited such a 'roll' in Washington on Sunday afternoon."

This statement was duly delivered in the Roosevelt headquarters about noon, the rival organizations having an amicable arrangement whereby they exchange daily bulletins and statements.

Here is Senator Dixon's answer:

"Everyone of these statements is a deliberate, wilful lie. Every man connected with their concoction and circulation is a deliberate, wilful liar. These lies are circulated for the purpose, and for the only purpose possible for which liars always lie."

President Taft's managers said that the president is entitled to and will receive the votes of four of the delegates from the state of Maryland to the Republican national convention. The presidential primary in that state yesterday gave Col. Roosevelt apparent control of the state convention which is to select Maryland's entire delegation of sixteen to Chicago and reports from Maryland have indicated that the delegation would be sold for Roosevelt.

The Taft managers claim that the naming of a solid Roosevelt delegation to the state convention would defeat the expressed preference of the electors of the two districts. It is understood this point will be pressed and the national committee asked to rule upon it unless four delegates are given to the president.

SWEPT OUT OF POWER.

Re-Organized Democrats of Pennsylvania Victorious in State Convention.

Harrisburg, Pa., May 7.—In the same hall where the regular Republican organization of Pennsylvania was overthrown last week, the regular Democratic state organization today was swept out of power by the re-organized faction, after a fight lasting nearly two years. The party has been split for more than a year and the two state committees have directed the destinies of Pennsylvania's Democracy.

"The re-organizers," under the leadership of George Guthrie, former mayor of Pittsburgh; Vance C. McCormick, former mayor of Harrisburg; and Congressman Palmir named a complete state ticket, elected twelve delegates at large and twelve alternates to Baltimore and gave them binding instructions to vote for Woodrow Wilson as long as his name "remains before the convention"; selected six electors at large adopted their own platform and ratified the action of the re-organizer of electing Mr. Guthrie state chairman.

CONFEDERATE VETERANS MEET

Macon, Ga., May 7.—A downpour of rain, which continued intermittently throughout the day, was not allowed to interfere with the opening here of the twenty-second annual reunion of the United Confederate veterans.

Thousands of visitors and thousands of veterans participated in the first day's sessions of the reunion. The strains of "Dixie" were greeted again and again with the "Rebel Yell."

Sessions were held by the veterans in the morning and evening and meetings were conducted by the United Sons of Confederate Veterans and other affiliated organizations.

DECIDE UPON PUBLIC HEARING

**TESTIMONY IN ARCHIBALD CASE
GIVEN TODAY.**

Numerous Witnesses Summoned to Prove Charges Against Judge of Commerce Court—Impeachment Proceedings May Result.

Washington, May 7.—Public hearings on charges against Judge Robert W. Archibald, of the commerce court, upon which may be based impeachment proceedings were decided upon today by the house judiciary committee. Testimony in open session will begin tomorrow after the committee has examined all the papers forwarded by the attorney general by direction of President Taft.

Edward J. Williams of Scranton, Pa., will be the first witness. Williams, a coal dealer, it is alleged, negotiated with the Erie railroad for the purchase of Culm bank property to be sold at a large profit in which transaction Judge Archibald is alleged to have been interested.

The judiciary committee late today opened the papers in the case. It was learned that the charges against Judge Archibald relate mainly to business transactions in which the Erie railroad was a factor.

Judge Archibald will not be summoned, but if he desires to attend the hearings he probably will be accorded the right to cross examine witnesses.

Chairman Clayton announced to night that the following would be called as witnesses:

B. H. Meyer, interstate commerce commissioner, who last February called President Taft's attention to the alleged attempt of Judge Archibald to purchase Culm bank properties from the Erie railroad for \$2,000.

W. P. Boland, president of the Marion Coal company of Scranton, Pa., who made the original charges involving Judge Archibald's name.

C. J. Boland of Scranton, another member of the Marion Coal company firm.

Charles F. Conn, vice president of the Lackawanna and Wyoming company.

Capt. W. W. May, manager of the Erie railroad properties, with whom E. J. Williams is said to have negotiated for the Culm bank properties.

G. F. Brownell, vice president and general counsel of the Erie railroad.

George Watson of Scranton, Pa., an attorney, alleged to have knowledge of the alleged transaction upon which are based the Archibald charges.

If the committee finds the charges sustained, the usual procedure would be to recommend to the house impeachment proceedings against Judge Archibald.

FIRE/MARSHAL MAKES APRIL REPORT

**Five Hundred and Forty-seven Fires
Meant Loss of \$775,356.**

Springfield, May 7.—The report of State Fire Marshal Doyle for the month of April shows a total of 547 fires in the state, entailing a loss of \$775,356. Fires out of the city of Chicago total 296 with an aggregate loss of \$458,586.

There were a total of 251 fires in Chicago with an aggregate loss of \$316,680 to buildings and contents. All of the losses were more than covered by insurance.

No fires were reported from the following counties: Alexander, Calhoun, Cass, Clay, Clinton, DeWitt, Douglas, Edwards, Effingham, Ford, Greene, Grundy, Hardin, Henderson, Jersey, Johnson, Lawrence, Massac, Menard, Mercer, Montgomery, Ogle, Platt, Pope, Randolph, Richland, Schuyler, Scott, Stark, Wabash and Washington.

COAL MINE FIRE.

**Spaulding Property Near Springfield
Is Badly Damaged—Loss Estimated
at \$50,000.**

Springfield, May 7.—The Spaulding coal mine, located one and one-half miles north of Revo, this county, burned this afternoon, the top works being set on fire, it is supposed from sparks from a railroad locomotive. The mine was to be resumed operations tomorrow after a shut down of some time. Nine men were at work in preparing for the resumption of operations. They made their escape through the Riverton mine No. 1, which is connected with the Spaulding mine. The Illinois National bank of this city owns the mine. The loss is about \$50,000.

HEAVY FINES FOR ROADS.

Chicago, May 7.—The maximum penalty for conspiracy in violation of the anti-rebate law was placed against three railroads today by United States District Judge Carpenter after pleas of guilty had been entered by the defendants. The Cleveland, Cincinnati, Chicago & St. Louis Railway company was fined \$20,000 on two indictments. The Lake Shore and Michigan Southern Railway company was fined \$10,000 on one indictment and the Michigan Central Railroad company was fined \$10,000.

WOLGAST IN 'FRISCO.

San Francisco, May 7.—Ad Wolgast, light weight boxing champion, arrived here today to prepare for his bout with Willie Ritchie Saturday.

FIGURES VERY CLOSE IN MARYLAND FIGHT

**ONLY EIGHTY CLAIMED FOR
ROOSEVELT IN HOWARD COUNTY.**

Result There Gave Former President Three Votes Which Turned Balance in His Favor—Taft Managers Will Not Concede Defeat Until Official Returns Are Made, as Figures Are so Close.

Baltimore, Md., May 7.—The closeness of the struggle between President Taft and Theodore Roosevelt for control of Maryland's sixteen votes in the national convention was emphasized today when complete returns from yesterday's primary showed the result depended upon one county, which on the face of the returns gave Roosevelt a majority of but eighty votes. Putting this county, Howard, in the Roosevelt column gave him 66 delegates to the state convention, just one more than a majority. The three Howard county delegates counted for Taft would give him the primary victory by the same margin.

Complete unofficial returns received today by the state Roosevelt committee and at the Baltimore newspapers agreed to giving Col. Roosevelt a majority in Howard county of eighty odd votes; but Taft leaders tonight were unwilling to concede that their opponents had won.

"It would be improper for me to concede anything at this time, when Maryland's 16 votes to the national convention hang on less than one hundred votes," said John B. Hanna, chairman of the Republican state central committee and leader of the Taft forces.

Another feature of the day was the development of the possibility that the individual delegates elected to the state convention would include a majority of Taft men, even though their instructions by the county preference might find them to vote for Roosevelt delegates to the national convention. The Taft leaders made this claim.

No change developed in the Democratic situation except to insure for Speaker Clark, several delegates already counted for him on the strength of the indicated county majorities. The Clark men have enough votes to control the state convention. The county preference vote bound 81 delegates to Clark, 41 to Wilson and four to Harmon.

TAFT SEES BALL GAME.

**Chief Executive Spends Easy Day in
His Home City—To Devote Entire
Week in Ohio.**

Cincinnati, Ohio, May 7.—President Taft's last day in his home city on this swing of his political campaign was comparatively free from labor. The chief executive went to the opening performance of Cincinnati's May musical festival and during the afternoon enjoyed the baseball game between the Cincinnati and Philadelphia national teams.

The day of rest was much needed inasmuch as the president leave here early tomorrow on a speaking tour that will end at Columbus tomorrow night.

It was announced to night that President Taft would leave Washington next Sunday night for Ohio and that he would spend the entire week in his home state.

Secretary of State Knox and Senators Burton of Ohio, Townsend of Michigan, will also make numerous addresses before the primaries.

LORIMER'S CASE.

**May Be Forced to Consideration in
Senate Today.**

Washington, May 7.—Senator Lorimer's case may be forced to consideration in the senate today by the presentation of the minority report of the special committee which investigated his election. Senator Kern on behalf of himself and colleagues in the minority, Senators Kenyon and Lea, may attempt to put in their report, although the majority report which exonerated Mr. Lorimer of the corruption charges, has not yet been presented. The course will be decided early tomorrow when the minority members confer.

ENTRIES COME IN SLOW.

New York, May 7.—The American Olympic committee is receiving entries for the try-outs so slowly that it was found necessary to day to send out an urgent request to athletes to send in their entry blanks at once. The blanks have been forwarded to all athletes who led in performances last year, but few have been returned. The blanks must be returned before May 30.

POWER HOUSE DESTROYED.

Waterloo, Ia., May 7.—Fire destroyed a power house of the Waterloo, Cedar Falls & Northern Railway company at 4:30 this afternoon. Street car traffic throughout the city was at a standstill for several hours. The company has a new power house which was not damaged and traffic was resumed this evening. Loss estimated at \$125,000.

ATTORNEYS OPPOSED TO RECALL.

Chicago, May 7.—Members of the Illinois State Bar association today expressed disapproval of the recall system in a mail vote. On the question of the recall of judges, the vote was 549 against and 110 for. On the question of recall of judges, the vote was 517 against and 140 for.

Senator Cummins said he would try to prevent early adjournment or recess of congress until after tariff schedules had been passed.

Agriculture committee ordered favorable report on Senator North Carolina's bill to provide for emergency crops on overlanded lands in south Mississippi valley.

Adjourned at 5:35 p. m. until noon Wednesday.

House.

Met at 11 a. m.
Resumed consideration of executive, legislative and judicial appropriation.

Agriculture expenditure committee resumed investigation of North Carolina swamp lands development and Wednesday will begin investigation of meat inspection service.

Charitable organization and steamship representatives condemned Burnett-Billingham before immigration committee.

Increased to \$15,000 the appropriation for investigation of rural education by educational bureau.

Adjourned at 5:40 p. m. until noon Wednesday.

WARE HOUSE MEMBERS HEAR PETITIONERS

**Northwestern Road Granted Crossing
Permits—Pekin and Petersburg
Interurban Petition Dismissed.**

Springfield, May 7.—The St. Louis, Peoria & Northwestern railroad company was granted permission today by the railroad and warehouse commission to make eighteen crossings along their lines between Peoria and Green Ridge, Macomb county. Thirteen of the crossings will be overhead, one a subway and four grade crossings.

A committee from the Champaign city council appeared before the commission regarding a subway crossing under the tracks of the Illinois Central railroad at Champaign. The delegation was headed by Joseph Letterman.

The case of H. M. Clark vs. the C. & St. L. railroad company a complaint of inadequate switching facilities at Havana was heard and the petitioner was granted ten days' time in which to file printed briefs.

The commission took under advisement the case of J. L. Freeze vs. the Chicago, Burlington & Quincy railroad company, in which the petitioner seeks a side track near Quincy.

The case of the People of Hudson Junction vs. the Chicago, Eastern Illinois and the Chicago, Burlington & Quincy companies asking for the construction of a depot was dismissed.

The case of the Pekin & Petersburg interurban vs. the Peoria & Pekin Union road for permission to cross the tracks of the defendant in the city of Pekin was dismissed.

John E. May, president of the petitioning road, appeared before the commission. The reason for dismissing the case is because the petitioner has no franchise of the street in which the proposed crossing is located.

NO FINAL COURT OF APPEALS IN M. E. CHURCH.

Minneapolis, May 7.—There will not be a final court of appeals of the Methodist Episcopal church. This was decided at the business session of the conference of the church in session here today, when after more than five hours debate, the conference rejected the first paragraph of the report of the commission of judicial procedure appointed at the last session of the conference in Baltimore four years ago.

The power of such a court was feared by the delegates.

The afternoon was given over to the hearing of the report of the work of the Woman's Foreign Missionary society.

ON TRIAL FOR MURDER.

St. Louis, Mo., May 7. Dr. J. F. Floyd, father-in-law of Mrs. Anna Palmer James testified against her today in her trial for killing her husband, Leo James, the night of April 26, 1911. Dr. Alcorn was the first person notified by Mrs. James of the killing. He testified that she had come to his home and when he met her at the door exclaimed:

"Oh, Floyd, I have shot Leo!"

When the trial was resumed today, Mrs. James was not permitted to testify. Taylor to keep her six months old baby in court.

LEGISLATURE WILL RE-CONVENE

**MEMBERS OF ASSEMBLY DIFFER
IN OPINION AS TO TIME NEAR-
EST FOR WORK AT HAND.**

Modern Woodmen and Appropriation Bills Will Have Attention—Need For Amendment to State's Attorney Salary Bill Is Seen—May Make Reductions in Smaller Counties.

Springfield, Ill., May 7.—The two special sessions of the forty-seventh general assembly which are running in conjunction with one another, will reconvene tomorrow, the second special session at 10 o'clock in the morning and the third at 5 o'clock in the afternoon, after both being in recess since April 25 last.

There is evident, among the early arrivals, a difference of opinion as to whether the special sessions shall quickly dispatch the business before them and adjourn sine die or recess from time to time until congress finally disposes of the Lorimer case.

The attention of the house members will be devoted to the state's attorney, the Modern Woodmen and the appropriation bills which were passed by the senate just prior to going into the last recess.

Owing to the excessive salaries provided for states' attorneys in the smaller counties of the state, Governor Denen included in his call for the third special session an amendment to the act which fixes these salaries.

Candidates for state's attorney, both Republican and Democratic, met here today to aid the States' Attorneys' association of Illinois to adjust the question of salaries so as to be as nearly satisfactory as possible to the people and the candidates.

The state's attorneys want the present law left alone, except insofar as it applies to counties under 30,000 population. There are more than sixty counties in this classification.

The senate committee on insurance will meet tomorrow to take up the bill passed by the house prohibiting any raise in fraternal insurance rates until January 1, 1915. Not wholly satisfied with the bill in the form it passed the house, former state Senator Putnam of Peoria and a following of Woodmen, have drafted a new bill which they will try to have substituted by the senate for the house bill.

RICHESON MORMON ELDER.

**Claim Made by Woman Formerly
Connected With Church.**

Boston, May 7.—Clarence V. T. Richeson under sentence of death for the murder of Miss Avil Lunnell, has been a Mormon elder and secretly connected with the Mormon organization for several years, although preaching from a Baptist pulpit, according to a sworn statement just made before William A. Tibbodeau, an attorney and justice of the peace.

The author of the affidavit, Mrs. Louis N. Britton, claims to have been formerly connected with the Mormon church, and to have been a celestial wife of a New York man who is at the head of the Mormon organization in this country. In the statement Mrs. Britton asserts that she has known Richeson for several years, first meeting him three years ago at a Mormon conference held on Staten Island, where she says the Baptist clergyman was recognized as one of the Mormon elders and was particularly active in the affairs of the conference.

She has since seen him many times in and about Boston and has given him the Mormon signs which were always answered, she claims.

She says she attended a Mormon conference at Providence, R. I., a little over a year ago at which Richeson was present and that she received commands from him as a Mormon elder.

TRIED A BRYAN STAMPEDE.

Walla Walla, Wash., May 7.—Delegates to the Democratic state convention this afternoon made a desperate attempt to stampede the convention for Bryan with the roll call of counties nearly completed. But D'Orville county cast its solid vote for Bryan. In an instant the convention hall was in an uproar. Delegation after delegation which had cast votes for Wilson changed to Bryan and when the vote finally was tabulated it showed 155 for Clark, 135 for Bryan, 106 for Wilson and 12 for Harmon.

FAMOUS SUIT RECALLED.

Chicago, May 7.—James H. La Pearl, formerly a circus owner, who three years ago sued Adrian C. Honore, charging alienation of his wife's affections, today was sued for divorce by Mrs. Nellie La Pearl. Deserion is charged. La Pearl asked \$50,000 in his suit against Mr. Honore. La Pearl filed suit for divorce, charging infidelity, but it was dismissed. About ten years ago La Pearl quit the circus business. He obtained his start in life as a clown. His wife was a bare back rider. They lived in Danville, Ill., for many years.

FORMER ILLINOISIAN DIES.

Fargo, N. D., May 7.—Dr. J. P. Richmond, a Congregational clergyman, formerly of Danville, Ill., who faintly while attending a revival meeting here Monday night and was carried from the church, died today. Dr. Richmond had been in Fargo but a few days.

TITANIC STORIES ARE RETOLD

**NO NEW LIGHT SHED AT LONDON
INQUIRY TUESDAY.**

Government Interested in Efforts Made to Save Third Class Passengers—Fireman Testifies That No Boat Drills Were Held—Rough Seas Would Have Meant Total Loss of People Ship Carried.

London, May 7.—Shipwreck experts consumed the time of the board of trade inquiry into the Titanic disaster today. Only three witnesses were disposed of. No new light was shed on the sinking of the steamer. The examination showed the government's determination to discover what steps were taken to save the third class passengers. The main points brought out in the general inquiry were that the ship was going at full speed, that no boat drills had been held, that some of the sailors did not know their stations and that the boats were inadequately manned and directed and not provided with lights, compasses, water or rations.

The first witness called to day was George Beauchamp, a fireman of the Titanic, who testified:

"I did not know which was my boat station. I heard that a list had been put up before. I did not know where to go, so I went up to the boat deck to life boat No. 12."

Beauchamp testified that he had no boat drill on the Titanic nor had he seen any.

Quartermaster Robert Hichens testified that he was on duty on the bridge of the Titanic at 8 o'clock. He testified that the log book showed the speed to have been 45 knots in two hours and that there was no change up to the time the Titanic struck the iceberg at 11:40.

He had never been assigned to any boat, he said.

"Every other vessel I was ever on had muster and boat drills. I never saw any on the Titanic."

Lord Mersey inquired:

"Would the life boats have been of any use at all if there had been a rough sea?"

The quartermaster replied emphatically:

"I am sure they would not, my lord."

PRINTERS REMAIN AT WORK.

Chicago, May 7.—Heads of the Typographical union have called a meeting for tomorrow to consider the dispute between the web pressmen and the Chicago publishers. There were rumors tonight that the printers might strike in sympathy with the pressmen, but President Lynch of the Typographical union declared that his men would remain at work. Efforts to induce the printers to declare a sympathetic strike failed. The vote was almost unanimous against the proposed strike.

FLOODS ARE PASSING THE DANGER MARK.

New Orleans, La., May 7.—When the official gauge of the river registered 21.3 at 3 o'clock this afternoon it was four-tenths above the danger mark. United States weather officials were of the opinion that the Mississippi has started on its final lap toward the predicted crest of 21.5 feet which would mark the passing of the greatest flood recorded in the Mississippi valley.

The engineers are cheerful. The levees have been inspected and are pronounced in good condition. The experts believe more than a 22-foot stage can be held.

ROOSEVELT'S SUPPORTERS CONTROL IN KANSAS.

Independence, Kan., May 7.—Supporters of Col. Theodore Roosevelt's candidacy for the presidency will control the Republican state convention which meets here tomorrow to name four delegates at large to the national convention. A careful canvass to night showed that the Roosevelt delegates in tomorrow's convention will number at least 750 out of a total of 896. The convention will endorse William Allen White of Emporia for national committeeman to succeed David W. Mulvaney, of Topeka.

PLAYERS RELEASED.

Davenport, Iowa, May 7.—Manager O'Leary of the Davenport Three-I baseball club, today announced the release of Pitcher Bruce Koepf of Clinton, Iowa, infielder Frank Gashly of Herrin, Ill., and outfielder Halterman of Atchinson, Ill.

PARTNER TO POOL AGREEMENTS

**SUBSIDIARY OF U. S. STEEL COR-
PORATION IMPLICATED.**

Had Agreement With Other Manufacturers Whereby Prices on Government Bids Were Fixed and Business Divided Among Pool Members.

New York, May 7.—The American Steel and Wire company, one of the biggest of the subsidiaries of the United States steel corporation, was a partner to pool agreements with other manufacturers whereby prices on United States government bids were fixed and the business divided among the pool members, according to testimony given today in the government suit to dissolve the corporation under the Sherman anti-trust law.

The testimony was given by Samuel J. Bailey of the office of E. B. Jackson, "superior" of the famous wire pools whose members were indicted and fined a year ago. Bailey acted as secretary of the horse shoe manufacturers' association, one of the seven pools, and explained in detail how the horse shoe business of the country was managed. Bailey identified a copy of the rules and regulations of the horse shoe association, in brief the rules fixed the price per keg at which all members of the association should sell horse shoes, prices being changed when necessary, the witness explained at monthly meetings. Each member was allotted a certain percentage of the business and in case his monthly sales exceeded his allotment he was to pay cash into the association equivalent to the amount. If they were less, the association would make up the deficiency, deposited penalty of \$1,000 was provided for violation of the rules.

In the case of government bids, Bailey, said Jackson, selected the member who was to make the lowest bid and instructed the other members to bid higher. Bailey identified a number of letters written by Jackson to Samuel J. Bailey, to the Bryden Horse Shoe company, fixing the price on government contracts.

One written in 1906 fixed the price the Bryden company was to bid on horse and mule shoes wanted by the Isthmian Canal commission. The American Steel

MAY DEED PASSAVANT HOSPITAL TO TRUSTEES

Meeting Was Held Tuesday Night to Discuss Project—Louis R. Curtis, a Hospital Expert, Made Address—Extensive Improvements a Part of the Plan.

A short time since the officials of the Association For Works of Benevolence, owning Passavant hospital property, made a formal offer to deed the whole property to trustees named by the Protestant churches of the city if they would raise fifty thousand dollars to be used on the property; in other words make the present plant a free gift if the local community would add to the gift, give to themselves, fifty thousand dollars, the Lutheran association getting absolutely nothing. In order to place the matter before the trustees and at the same time get some timely suggestions, a meeting of the trustees was called at the hospital last evening to meet Mr. Louis R. Curtis, manager of St. Luke's hospital of Chicago and an unusually eminent authority on the construction, equipment and management of such institutions, to talk over the situation with him.

It was a fine privilege for Mr. Curtis to be among the best posted in the land and is eminently practical as an architect and manager. He is now engaged in the construction of several large hospitals and is remarkably well qualified to discuss such a subject. He came and looked over the plant and was ready to meet the trustees and discuss the state of things. The meeting was well attended and all present manifested a great interest in the work. Some of the ministers were unavoidably detained but the most of them were present and all showed a spirit of great interest.

Mr. Curtis said he thought it would be difficult if not impossible to convert the present building into a well equipped and up to date structure and the best thing to do would be to erect a new building from the start. He said he thought the present location very good as far as size and topography of the lot were concerned; its convenience to street cars, railroad stations and the center of population and unless unusual inducements were offered he would advise no removal of the plant.

More and more people were going to hospitals for treatment when sick or needing surgical operations and more and more was it becoming true that the best of facilities should be provided. He answered all kinds of questions regarding location of kitchen, heating plant, laundry and the like and gave much valuable information.

It was the sense of the meeting that a building should be started which would be of carrying for at least 75 patients, all grades and to accomplish all desired it would require \$100,000.

The matter was discussed at considerable length and Rev. W. L. Dorgan moved the president appoint a committee to take up the matter and undertake a campaign to secure the funds. This was seconded by Rev. S. A. Kirk and discussed at considerable length.

Mr. Kirk told of experience he had had in other places and that he had known and made a fine speech arousing a good degree of interest. Rev. Clyde Darsie spoke finely in the same vein and felt it wise to go ahead and secure the needed funds. Rev. W. L. Dorgan spoke well to the point and made an eloquent address which pleased all.

Rev. Walter Spooner spoke well also and manifested a fine spirit in the cause. Others also spoke and all agreed that the hospital was a grand work of charity and benevolence which merited the hearty support, financial and otherwise, of everyone. The motion prevailed and the chair thought the executive committee the proper ones to take up the work. Mr. Curtis said he would be willing to give his services in case a new building was decided on.

It was especially emphasized that the hospital is for all; the property of all and for the good of all and while managed by the churches which are responsible, it was in no way a narrow affair but for all humanity.

The hearty thanks of the trustees were tendered Mr. Curtis for his valuable advice and promise for further services. The meeting then adjourned, subject to the call of the president.

As many of the readers of the Journal are aware, the property on which Passavant hospital is located, was the gift of the late Mrs. Eliza Ayers of sainted memory. It has had additions since it was first turned into a hospital and to day it is well equipped in some respects, though not by any means up to date. The property is now in the name of the Association for Works of Benevolence and Mercy of the Evangelical Lutheran church. For some years that association with blessed Dr. Passavant at its head, conducted the institution, sending here first Sister Louise Mathens and a little later Sister Caroline Ochs to conduct the enterprise and as it grew others were sent. Sister Louise ended a life fifty years of which was spent in the sisterhood and sweetly fell asleep. Sister Caroline is still living in comparatively good health, though not wholly well, at the mother house in Milwaukee still doing all her strength will allow and with the ability to look back on a life of unusual devotion and a consuming desire to benefit her fellow beings. Great will be the heavenly reward of these precious souls as well as that of Dr. Passavant and his son who took up the work of the father and died in the harness.

Their capable successor is Rev. H. R. Fritschell of Milwaukee. As the years passed on the sisterhood of the Lutheran church failed to receive the accessions needed to carry on the work and the management was unable to send enough for nurses and finally none could be sent and in 1906 a local association was formed consisting of the pastor

NO MORE CONSTIPATION ---WHEE!

It's Me For Olive Tablets!

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and Calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing laxative.

No gripping is the "keynote" of these little sugar-coated tablets.

They cause the bowels and liver to act normal. They never force them to unnatural action.

It is easy to compel bowel and liver activity for a time with calomel and nasty, sickening, gripping castor oil, but the after effects are dangerous, and the real cause of the trouble is often not even touched.

Dr. Edwards' Olive Tablets are so easy to take that children do not regard them as "medicine" at all.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and constipated, you'll find quick, sure and only pleasant results from one or two little Olive Tablets at bedtime. They're perfectly harmless.

Thousands take one every night just to keep right. Try them.

"Every little Olive Tablet has a 10c and 25c box. The Olive Tablet company of Co-

BETTER HURRY

In the name of all that's good, beautiful and to be desired give us your attention while we whisper a bargain story in your ear.

85c and \$1 Silks on Sale This Week for Only 69c Per Yard

A lucky purchase puts us into possession of a large quantity of silks ordinarily retailing for 85c and \$1 per yard on a basis whereby we can pass them on to you at the one price of 69c per yard. It's an opportunity as rare as angels' visits and as scarce as radium—conclusive proof of this store's buying supremacy. All new patterns, never before offered for sale in the city—and as pretty a lot as you ever gazed upon. The color range includes greys, navy, Copenhagen blue and tans, all fashionable colors. To this special purchase lot we have added a number of patterns from our regular stock of Cheney Bros. water-spot-proof Foulards. This will be the silk sale of the season. There can be no doubt about it. Thus we urge you to hurry and make your choice if you want to own a new silk dress at a very low price. We state candidly that we never made a purchase of silks which we considered a bigger bargain, and we also state just as candidly that we expect the whole lot to be disposed of in a few days. Our last word to you is "hurry."

GRADUATION RECITAL

Mrs. H. D. Crum, Misses Alma Forsythe and Mae Ainsworth, Students of Piano, Granted Diplomas.

At Academy Hall Tuesday evening a recital was given by candidates for teacher's certificates of the Conservatory of Music. Mrs. H. D. Crum (piano) and Miss Alma Forsythe (piano) assisted by Miss Carrie Dunlap. The program began with a triple number by Miss Forsythe, the first being a composition of her own a very pleasing and well constructed "Musical Moment." The Barcarole of Godard and the Finale from the Mozart C minor Sonata served to show her good tone quality and the sureness of touch which are characteristic of her violin efforts. It is evident in her work that she has taken the best advantage of excellent instruction.

The Schumann group, the Fantasy pieces for piano, Mrs. Crum revealed a surprising improvement in her conception of tone color, especially in the "At Evening" and "Why?" while the "Pavane" and "Dream Fancies" were played brilliantly, with remarkably clear passage work.

Miss Dunlap's two numbers for violin, both the ultra-modern school, made a charming group, and were given by her with a rare understanding of their poetic nature. Her tone improves constantly. The accompaniments were played by Mr. Krich with his usual skill.

In the final number, the Hungarian Fantasy by Liszt, Mrs. Crum surprised the audience by her command of heavier chord passages as well as the lightness and smoothness of her coloratura work. The orchestra part was played on a second piano by Mr. Munger, who made this accompaniment truly orchestral.

After the program President Rammelkamp presented Teacher's certificates to Misses Mae Ainsworth, Alma Forsythe and Mrs. Crum. The program follows:

BLUFFS MAN SUICIDES.

Grover Marron Takes Own Life With Carbolic Acid.

Grover Marron, of Bluffs, aged 25 years, committed suicide Monday evening by taking carbolic acid at the home of William Riley, with whom he was living. His body was lying in his pocket, written to his mother and step-father, Mr. and Mrs. Thomas Inslee, in which he stated that he was driven to his rash act on account of the actions of his wife. Marron was married about two years ago to Miss Margaret Reed, but she had not been living with him for some time, although he had often asked her to come back to him. Since their separation Marron had worked in several places. Coroner Conliss of Winchester held an inquest over the remains, with a verdict according to the above facts.

The remains were taken to the home of his mother in New Salem, where burial was made.

CEMETRIES WERE CONSOLIDATED

Burial Grounds of Arcadia Put Under One Management--Will Raise Fund to Take Care of Old Cemetery.

At a meeting of the citizens of the Arcadia neighborhood held Tuesday afternoon, the old cemetery and the new cemetery of Arcadia were consolidated and will henceforth be under one management.

Sammuel Crum acted as temporary chairman and C. W. Rudisill as secretary, and the meeting was largely attended. A committee was named consisting of Messrs. John McFadden, A. J. Clark and M. M. Crum. This committee will secure funds sufficient that the interest therefrom will pay the expenses of keeping up the old cemetery. Some contributions were made at the afternoon meeting, amounting to \$40. A sum of \$700 will be raised.

The old cemetery was plotted out some time between 1820 and 1830. The land was originally part of the Z. Johnson estate and was purchased by A. Downpalm and David Henderson for a burial ground through money collected from the citizens of that community. They also solicited funds for the church which is located nearby. This old cemetery contained two acres and it became so full of graves that it was abandoned about thirty years ago and the new cemetery plotted out, which contains 8 acres. Both cemeteries adjoined each other. It is the intention of the management to see that both cemeteries are kept in the best of repair and make the burial grounds of that community an honor to the citizens.

The officers consist of a president and four trustees and at each annual election there is a change of one officer. The present officials are:

President--J. J. Clark.
Trustees--M. M. Crum, J. C. Henderson, C. W. Rudisill and C. A. Ogle.
Mr. Rudisill acts as secretary and treasurer.

AT THE GRAND.

W. "A College Cinderella," the senior high school play, was seen for the second time at the Grand Opera house Tuesday night before a large audience. The performance was given with the same earnestness and effectiveness as on the initial night and was greatly enjoyed by those present. During the intermissions Manager Hunt put on some vaudeville, which made the evening's entertainment somewhat drawn out and some in the audience were confused, thinking that the vaudeville performers were part of the high school cast. Arrangements have been made to repeat the performance on Friday night at Waverly.

Strength and Endurance

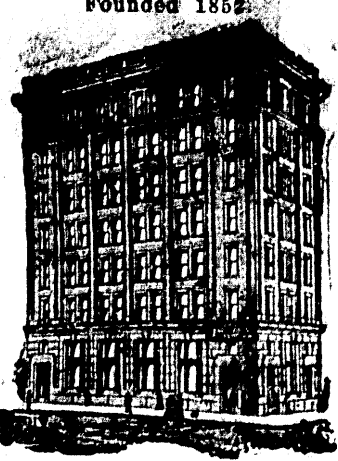

Inter-state Motor Cars are well termed "bull dogs" for strength and endurance. They represent the best ideas in auto building which years of experience have developed. Users of Inter-state cars can testify that speed and service are both in these cars, which after years of usage have become famous as "no trouble" cars.

When you start out with an Inter-state you know you are "coming back" and its a nice safe feeling to have. We will be glad to demonstrate the good points of "The Inter-state."

DEATHS AND FUNERALS STOCKHOLDERS CHOOSE DIRECTORS

Word has been recently received by relatives in this city of the death of Miss Ella L. Wolcott, of Elmira, N. Y. Miss Wolcott was a sister of the late Edgar Wolcott and Mrs. Julia Wolcott Carter, and her early life was spent in this city.

During the civil war she served as a hospital nurse and at its close went to Elmira where she soon entered upon her duties as librarian of Park church, of which Rev. Thomas K. Beecher was the pastor. In this position she remained until failing health compelled her to give it up within the last few years. A warm, sympathetic officer, patient and cheerful in demeanor and affection, she leaves many friends and sincere admirers.

Moody. Mrs. Nellie Moody passed away Saturday night at the home of her brother, John Finney, south of Bluffs, at the age of 71 years. She had been in poor health for several months. Brief funeral services were held at the family residence in charge of Rev. T. Hardesty of Naples and burial was made in Springfield Monday.

Hodges. The infant daughter of Mr. and Mrs. George Hodges died at the home of her parents in Decatur. The remains were brought to the home of her grandfather, Levi Hodges in Meredosia, where funeral services were held in charge of Rev. Peter Kettle and interment was made in Oakland cemetery.

Dr. T. O. Hardesty, county physician, was called to Chapin Tuesday. Several cases of scarlet fever have been reported in that town.

A new sky light has been installed in the McDougall studio and the gallery will also be redecorated throughout.

Old English May Day. Illinois college campus, May 15. Tickets 35 cents. Student tickets 25 cents.

WINS GOOD PROMOTION. Lanning Lambert, son of Mr. and Mrs. E. C. Lambert, has just been promoted to an important position in Ottumwa, Ia., which is mentioned in the following from an Ironwood, Mich., paper. In recent years Mr. Lambert has made four changes each one a decided promotion:
"Mrs. Lanning Lambert left yesterday for Iowa Falls, Ia., to visit for a couple of weeks, when she will be joined by Mr. Lambert and they will go to Ottumwa, Ia., where Mr. Lambert is to assume the general management of the Ottumwa Light, Fuel and Power Co.'s plant and business. Mr. Lambert some weeks ago was offered the management of a new plant that the Wallace-Fyfe interests are constructing in Texas, but finally decided to accept the more attractive position in Iowa. The many friends Mr. and Mrs. Lambert have made during their residence in Ironwood will wish them prosperity in their new home and commend them to the people of Ottumwa."

Mrs. Gross Barrus of Meredosia was among the visitors in the city yesterday.

Even The Doors Are Different On A New Method Gas Range

It is not enough that these Gas Ranges consume 25 per cent. less gas, bake more evenly and quicker than any other gas range, are more easily cleaned, and non-explosive, but even the doors show an improvement over the old style.

The Doors split in the center. Yes, actually split in the center. When the door is open the upper section moves up; preventing the heat from rushing up into your face, the lower half moves down—forming a strong ledge—yet not projecting out too far and being in the way.

Every woman who has experienced the rush of heat into her face as she opened up the old style door will appreciate this improvement.

These Split Over Doors are so evenly balanced that they stay anywhere you place them. There are no catching devices, locks, springs, etc., to get out of order as in the ordinary style door.

But the split oven door is only one of the 18 different ways in which the New Method differs from all other Gas Ranges.

We couldn't begin to tell of all the special features of the New Method Ranges in one advertisement, we couldn't in a dozen.

Come in and let us personally show you these special features, let us demonstrate each one in detail, let us show you how this feature saves gas, how this one insures perfect baking, how this one prevents explosions, how this one adds to your convenience, etc.

Y. M. C. A. HELPS MANY YOUNG MEN

Citizens Resents Statement That Association Is Charitable Institution—It Yields Large Returns.

"People make a great mistake when they call the Y. M. C. A. a charitable institution," said a citizen of Jacksonville Tuesday when speaking concerning the future of the local institution. "Men who invest their money in it receive large dividends. It is a place for the building of character and what is more valuable to a community than that which contributes to the moral welfare of its boys and young men?"

Secretary J. R. Watt of the Y. M. C. A. reports that there are 21 Juniors, of age from 10 to 12, 54 boys ranging in age from 12 to 16 and 34 intermediates, in all 109, under 19 years of age, who take full advantage of the gymnasium, the reading room and the other good things afforded by the association. Other boys of course belong to the association, but are not active in the work. There are fifty working boys, who are paying their own membership dues, aside from 29 deserving boys, who are helped by the association. Twenty three new cards for membership have been received within the past thirty days and within the past two months about 350 in memberships has been taken in, this mostly from adults.

Not many people, when they pause to reflect, will feel willing to see the Y. M. C. A. closed in Jacksonville. Young men, who have come out from Jacksonville to return to the association and speak highly of the training and the uplift they received from their early connection with the association.

DR. J. M. STURTEVANT ADDRESSED STUDENTS

Honored Alumnus Speaks at Illinois College on the George Roberts Foundation.

Dr. Julian M. Sturtevant spoke Tuesday morning at Illinois college chapel before a large audience, many visitors being present. Dr. Sturtevant is an alumnus of the college of the class of '54 and a son of the first president of Illinois college, whose name will ever be linked with the history of the institution. The address was given as one of the series on the George Roberts foundation.

President Rammelkamp in introducing Dr. Sturtevant referring to the close relation existing between the Sturtevant family and the college and made mention of the fact that the speaker was born in the club house and in his youth played on the campus. With this suggestion Dr. Sturtevant spoke reminiscently in beginning his address. He said he would like to return to live again on the campus and to ring the old bell in Sturtevant tower. He spoke of the pleasure afforded him in speaking on the fund established by Rev. George Roberts, who was in college the same time with him and closer to him than any student.

Dr. Sturtevant spoke on the subject "Rights and Privileges of American Citizenship." "The ground of government is in man conscience," he said, "and intelligence is the basis on which franchise must finally be rightly decided. We shall have better only as we pour out our personal ambition and love of pleasures before what we know to be for the good of the people."

TEACHERS' INSTITUTE.

Although the program has not yet been fully outlined Supt. Montgomery has practically completed arrangements for the annual Morgan county teachers' institute which will be in session for a week, beginning June 17. Dr. T. S. Lowden of the State University at Columbus, Ohio and Miss Margaret Sutherland, principal of the Normal school at Columbus will be the instructors. They were here last year and gave excellent satisfaction.

MISSOS HAZEL STRAWN. Robertine Angelo and Ruth Dunlap were hostesses to a recipe shower, given Tuesday afternoon at the home of Miss Strawn, 615 South East street, in honor of Miss Lena Goebel whose marriage to Mr. Thomas Miller of Chicago will take place next Wednesday. The Strawn home was attractively decorated in a color scheme of pink, green and white, by the use of pretty flowers. Each guest brought along a recipe for the bride-to-be. These were deposited in dainty hand-painted envelopes. An automobile contest was part of the afternoon's program and the fortune telling booth, which was placed in a dark room, with only a glimmering light was a favorite place for the guests. Miss Olive Dunlap was the witch and her costume was very appropriate. The guest of honor was the recipient of a hand painted bon-bon dish. Several musical numbers added pleasure to the afternoon. Miss Alma Wilday and Miss Ruth Leach singing to the delight of all. Palatable refreshments were served and in every way the afternoon was one of keen enjoyment. Among the guests present from out of the city were Mrs. Louis Frier of Louisiana, Mo., and Mrs. J. N. Peters of Lynnvill.

MAY MORNING BREAKFAST.

The Jacksonville Woman's club will give a May morning breakfast Saturday morning, May 11, at 11 o'clock.

A delightful program has been arranged, reports of committees will be given.

The members can secure tickets at Badger's drug store, Douglas's grocery or Brown's music store before Thursday afternoon. The breakfast will be served in Grace M. E. church.

Mrs. E. C. Lambert, who is in Kansas City in the interests of the Woman's college, will spend Saturday and Sunday with her daughter, Mrs. Tibson at Ft. Riley, Kan.

SIX THOUSAND MORE FOR I. W. C. FUND

President Harker Made Good Announcement at Chapel Tuesday—Splendid Progress Is Being Made With Campaign.

After an absence of nearly two weeks, Dr. J. T. Harker at the regular chapel exercises at the Woman's College Tuesday marked off six squares of \$1,000 each on the campaign chart, making the total pledges to the fund to date, \$36,000. This action was the cause of great enthusiasm by the members of the faculty and the students.

On April 11th Dr. Harker started the campaign to raise a fund of \$180,000 in order that he might pay off the college debts and provide a \$100,000 endowment fund, to meet the standard set by the educational senate of the Methodist church. Of the total Dr. Harker has planned to raise \$50,000 by commencement in June and as he has already secured pledges for \$30,000, this lessens the amount to be raised before June to \$20,000. With the \$50,000 secured by June this will leave less than three fourths of the full amount to be raised during the coming year and if President Harker has as good success then as he has enjoyed during the past month the total fund will be secured long before the time originally set.

In 1911 he expects to complete the \$180,000 fund and at that time he is planning to have the greatest homecoming ever known in the history of the college.

On Thursday Dr. Harker will go Minneapolis, Minn., to attend the general conference and he expects to be gone about ten days. He has received a letter from Mrs. M. E. Lane, secretary of the Woman's College Guild of Southern California, stating that that society will hold its meeting May 9th.

Mrs. E. C. Lambert is now in Kansas City where she will organize a guild for the college.

CROP REPORT FOR MAY ISSUED

DECIDEDLY UNFAVORABLE CONDITION DISCLOSED.

Severe Weather of Last Winter Will Cut Wheat Crop About 60,000,000 Bushels—More Than One-fifth Planted Last Fall Abandoned.

Washington, May 7.—The May crop report of the department of agriculture issued at 1:15 o'clock today disclosed a decidedly unfavorable condition. Winter wheat, owing to the severe winter, will produce an estimated crop of about 60,000,000 bushels less than that of last year. More than one-fifth of the area planted last fall was abandoned owing to the severe winter leaving an average almost twelve per cent less than that harvested last year. The average condition of winter wheat was 5.5 per cent below the ten year average condition.

Spring planting was less than half done, or 48.9 per cent compared with a six year average of 55.2 per cent. Spring plowing was only 52 per cent completed May 1 compared with 67.6 per cent for the previous ten years. Pastures and meadow lands also were below the ten year average but slightly above last year's May 1 condition. The short crop of hay last year left only about one-half the usual amount of hay on farms May 1.

The May crop report of the department of agriculture follows: Winter wheat condition 79.7; area remaining 25,771,000, 3,148,000 acres less than in 1911 and 4,669,000 acres less than sown last fall. Indicated yield, 14.4 bushels per acre. Estimated crop, 370,714,000 bushels.

Eye condition, 87.5. Meadow lands condition, 85.7. Hay on farms, 3,888,000 tons. Pasture condition, 81.7. Spring plowing, 52.9 per cent, completed. Spring planting, 48.9 per cent, completed.

By states the number of acres of winter wheat to be harvested and the condition of winter wheat on May 1 include the following:

| States | Acres | Per cent |
|--------------|-----------|----------|
| Kansas | 5,261,000 | 85 |
| Nebraska | 2,356,000 | 85 |
| Illinois | 1,183,000 | 82 |
| Missouri | 1,930,000 | 72 |
| Indiana | 1,206,000 | 52 |
| Ohio | 1,192,000 | 33 |
| Oklahoma | 1,522,000 | 87 |
| Pennsylvania | 1,240,000 | 89 |

"YOU LOOK SO WELL"

Just say that to a woman and see her eyes sparkle with pleasure. She knows there is no beauty like the beauty of health.

Unfortunately, at this time of year so many women are in a weakened, run-down condition that there are few to whom one can say it.

Mrs. C. Langan, 1954 Anthony avenue, New York City, says in a letter: "My health began to run down two years ago, and from that time till last April I was in a badly weakened condition with little energy and poor appetite. Having heard so much about Vinol I began taking it and already I have improved so much that all my friends notice a great difference. I have entirely recovered my former strength—thanks to Vinol."

This delicious cod liver and iron remedy without oil, is of the greatest value in creating strength, restoring appetite and building up the body. Pale, sickly women, overworked men, feeble old folks and delicate children all need it, and we positively guarantee Vinol to give satisfaction. Lee P. Allcott, druggist, Jacksonville, Ill.

D. 1912, sell at public venue at the south door of the court house, in Jacksonville, Morgan county, State of Illinois, the following described real estate, to-wit: Lot 8 and part of lots 19 and 20, in Stevenson & Retter's addition to the town, now city, of Jacksonville, Morgan county, State of Illinois, said parts being described as beginning at the southeast corner of said lot 19, thence running north to the northwest corner of said lot 8, thence west to the west line of said lot 20, thence south to the southwest corner of said lot 20, thence east along the south line of said lots 19 and 20 to the place of beginning, on the following terms: One-third cash, one-third in six months and one-third in twelve months, with the privilege to the purchaser of paying all cash. In case payment of any part of the purchase price shall be deferred as aforesaid, notes shall be given for said deferred payments with personal security thereon and a mortgage on the premises sold.

Richard C. Reynolds, Administrator with will annexed of the estate of Kitty Ann Pitner, deceased.

J. P. Lippincott, attorney of administrator.

As "Ed" Howe Sees Life

Men have always wasted time in telling what should be done, and neglected what could be done.

Every newspaper has a favorite saint or devil.

Why men are willing to do so much for a quarrel and so little for peace, is another of the things no fellow can ever find out.

Every man seems to be more or less insane about himself.

Probably the worst fault of the people is their indulgence in little tricks; most of them know enough to avoid real crime.

If Mexico could be walled in, I would hesitate whether to call it an insane asylum or a penitentiary; sometimes I think habitual disturbers are insane, and sometimes I think they are criminals.

Men have been fighting foolish battles ever since they first appeared on earth; but if civilization means anything, and if we are becoming civilized, they will finally quit it.

People do not object to paying taxes for needed improvements; what they object to is that so much of the tax money they pay, goes astray. No one is right in a quarrel.

Those who have had experience in love do not seem to be any wiser than those who have not.

PROGRESS IN THE METHODIST GENERAL CONFERENCE.

(By Rev. J. W. Miller.)

Minneapolis, May 6.

The delegates came back to the work after the rest over the Sabbath day with vigor. Bishop Berry was in the chair. Bishop Bashford spoke during the devotional service. The roll call for presentation of resolutions for immediate passage brought out some sharp debate.

Delegates to Labor Convention.

Dr. Jacobs of Philadelphia conference, by resolution, moved that a delegate be sent to the convention of Locomotive Engineers now in session in Philadelphia with the greetings of the general conference. Eight years ago when the general conference met in Los Angeles the convention of Locomotive Engineers met there at the same time. There was a happy exchange of greetings and courtesies. It is the desire of the general conference to keep up that cordial relation as many engineers are local members of the Methodist Episcopal church.

The Roman Hierarchy.

Dr. Rice, a missionary of the Methodist Episcopal church in South America, introduced a set of resolutions that stirred the great body of delegates as it has not been stirred before during the session. He recited the trials and difficulties of Methodist workers in countries dominated by the Roman Catholic church, especially in South America. He was followed by several speakers who spoke along the same line. One delegate spoke who said that his ancestors had been disemboweled during the protest of the Protestant Christians in Ireland. This speaker said that a certain prelate in this country was one kind of American when he was "cheek by jowl" with the president of the United States and another kind of American when in the secret conclaves of his own church.

Dr. Buckley Heard.

It was during a discussion of the resolutions relating to the mission work of our missionaries in Roman Catholic countries that Dr. Buckley got the floor for his first speech thus far this session. He is not the giant of old, yet at times in his speech he reminded those who knew him of the great leader of the general conferences. He moved that a committee of five be appointed to consider the resolutions of Dr. Rice and report back to the general conference the form in which they should be adopted by the conference. This motion prevailed and on motion of Dr. Davidson of the Illinois conference this report was made the order of the day for Wednesday morning after reading of the minutes.

Strong Resolutions on Lynching.

A venerable colored delegate offered some strong resolutions concerning lynching of negroes and especially in the south. He proposed that lynching be declared a crime against the federal government and that in many cases where the local courts were unable to get convictions of the murderers the federal courts would succeed in punishing the criminals. Some thing of this kind is needed and the sentiment of the conference was with the speaker. In some form this matter will come up again.

Question of Consideration.

There is a kind of a gag rule that the conference can enforce when it is apparent that a delegate has presented resolutions in order that he may get a chance to speak when the resolutions should properly go before some one of the standing committees for their consideration without debate at the time. This rule is called "The Question of Consideration" and if the conference refuses to consider the matter it is then and there dropped. As one delegate suggested that "A fellow wants to know what he is doing when he goes down to the speaker's desk." This is very true and right.

DO YOU REMEMBER THEM?

A well known business man of this city and a gentleman whose reputation for strict veracity cannot be questioned even by his worst enemy, was telling some rather recently arrived friends yesterday about a visitation of frogs in this city some time within the past ten years.

He says it took place just after a very heavy rain and the little creatures were especially plentiful on Diamondstreet both north and south, so plentiful, in fact, that an indistinct recollection of it.

they could be shoveled up. They were very small, not larger often than the end of a man's little finger and of course didn't remain very long.

The gentlemen to whom he told the story have been in the city only a few months and were incredulous so the narrator appealed to several persons who have lived here a longer time, but some of them were wholly unable to call any such event to mind and others had, south, so plentiful, in fact, that an indistinct recollection of it.

Healthy Mothers

Women who bear children and
remain healthy are those who pre-
pare their systems in advance of
baby's coming. Unless the moth-
er aids nature in its pre-natal
work the crisis finds her system
unequal to the demands made
upon it, and she is often left with
weakened health or chronic ail-
ments. No remedy is so truly a
help to nature as Mother's Friend,
and no expectant mother should
fail to use it. It relieves the pain
and discomfort caused by the
strain on the ligaments, makes
pliant and elastic those fibres and
muscles which nature is expand-
ing, prevents numbness of limbs,
and soothes the inflammation of
breast glands. The system being
thus prepared by Mother's Friend
dispels the fear that the crisis
may not be safely met. Mother's
Friend assures a speedy and com-
plete recovery for the mother,
and she is left a healthy woman
to enjoy the rearing of her child.
Mother's Friend
is sold at drug stores. Write
for our free
book for ex-
pectant mothers which contains
much valuable information, and
many suggestions of a helpful
nature.

Grain Letter.

Chicago, May 7.—Wheat—Sensational crop losses were shown by the government report, abandoned acreages are widest part of report showing 3,418,000 acreage less than harvested in 1911. Condition of wheat left standing is 79.7, which indicates a condition is higher than was generally expected, the report as compared with private forecasts is moderately bearish. Traders will feel that the recent advance has in a measure discounted the loss. The final harvest of last year was 430,000,000 bushels. We see no reason to change our frequently expressed view, that conditions are bullish in the extreme on July delivery. The area most severely hurt is that which usually gives Chicago its earliest and heaviest movement. Losses have been severe. Harvest will be late. Judging July will be an old delivery. Soft wheat with similar conditions in the famous Patten year, sold upward of 1.50 per bushel. Reports of improvement have been coming in from the wheat reporters. A more hopeful outlook may lead to some professional selling and a possible recession in price. Nevertheless we believe that investments in July and September on setback will be profitable.

Corn—May congestion exists and isand is market influence on all deliveries. May shorts "in bad" and no important stock is likely to be created between now and the close of May. We believe May shorts will do well to take their medicine and sell punishment further. July is different. Farm work will be well completed and farms in a position to make liberal deliveries. Already country advises indicate a large movement in the future. Abandoned wheat area and delayed oats seedling means an increase of corn planting. Pasturage and hie price are curtailing consumption. Southwestern markets, which were the principal bull mainstay, are showing decided weakness. Pit conditions will doubtless cause many sharp rallies, but the situation seems to us to justify sales of July at present levels or any rallies.

Oats—Local shorts were moderate buyers and found offerings light. Oats are heavily overstocked. Sales of Southern and to a large extent of July are "purely speculative." There is no hedging pressure in the oats market. Pit traders and floor professionals have repeatedly radded oats with but little success. Small farm reserves, delayed seedling and short acreage are strongly bullish influences. The government report on hay and grasses further strengthens the oats situation. Farm supplies of hay 2,888,000 tons, as against 7,546,000 tons a year ago. Spring plowing, which but incidentally to ats is 52.8 as compared with 80.3 last year. Spring planting, 48.9 against 60 last year. Private reports indicate the severe winter hurt pastures and meadow lands more than the government has shown. The season is now so late that July will be an old crop. With scarce hay and high corn old oats will undoubtedly command higher prices. With such conditions new oats practically available in August will be in a sharp demand and we believe September will realize the condition at a much higher price. We firmly believe that investments in July and September oats will be highly profitable.

Wash your clothes with GOLD DUST

Good soap washes clothes well—if you use enough elbow grease, but Gold Dust washes them more thoroughly—and with little or no rubbing. Gold Dust saves half your time, and spares your poor back.

Another great advantage of Gold Dust—use any kind of water you like. Gold Dust softens the hardest water, and makes it soft as rain water.

Gold Dust is just a vegetable-oil soap in powdered form, with other cleaning ingredients added to make it work more thoroughly and quickly than soap ever can.

Just try Gold Dust next wash-day, and see how much time you save.

Gold Dust is sold in 5c and 10c packages. The large package means greater economy.

"Let the GOLD DUST TWINS do your work"

Wool Growers

We are in the market to buy all your wool. We pay the highest cash price that the market will afford, and a liberal grade is guaranteed. Our eastern connections advise us promptly if any changes take place in prices. Being in touch with the largest wool market in the country, it will pay you to see us before selling your wool.

EXCELLENT CONCERT

Centenary Sunday School Orchestra. Assisted by Miss Taylor and Mrs. Roberts. Pleased Large Audience.

The Centenary Sunday school orchestra thrilled an audience of 200 people Tuesday evening in the concert given at the church for the benefit of the Sunday school. Each number was received with liberal applause and the program indeed was a meritorious one. The musicians were assisted by Miss Jeanette Taylor, who gave three excellent readings, and Mrs. A. M. Roberts, who appeared at her best in two beautiful vocal numbers. Miss Taylor gave "The Bill From the Milliner," "At the Matinee" and "When Katie Got Struck on the Stage," the last being an encore. Her abilities as a reader are well known and she was given due appreciation by her listeners last evening. The cello solo by Mr. Jensen and the trio by Mrs. Benson, Miss Buckingham and Mr. Jensen, as well as the baritone solo by Mr. Johnson were also splendid numbers. The orchestra is under the capable direction of Mrs. Benson and plays each Sunday at the Sunday school hour.

The program was as follows:

March—Carmen.....Tobani
Orchestra
Overture—The Wedding Trip.....De Koven
Orchestra
Trio—Venetian Love Song.....Nevin
Mrs. Benson, Miss Buckingham, Mr. Jensen.
Reading—Miss Jeanette Taylor.

To the honorable mayor and city commissioners: For the month of April I make the following report: A recurrent case of two girls not having proper parental care, whose home, by reason of neglect, is filthy, and the children are in danger of the morphine habit. Very strict orders were given as to the cleaning up of the house and better care of the children with the support of the chief of police back of it.

One mother reported that her boy was becoming unmanageable and asked help from the matron. The boy was interviewed and is now giving a better report of himself each week.

Seven boys were complained of by one of the railroad companies as throwing stones at cars and hitting and cutting one of the trainmen. The boys were brought before the juvenile court and the judge gave them some good advice and placed one of the older boys under the care of a probation officer. Respectfully submitted.

UNION MEN QUIT WORK.

Bricklayers and Plasterers Strike in sympathy with Union Carpenters.

The bricklayers who have been working on the nurses home at the State hospital, and plasterers at work on the Gates Strawn house on Mound avenue, have decided to work on account of the employment of non-union carpenters. This is the outgrowth of the strike which the carpenters have maintained since March 1. In February the union carpenters served notice on the contractors that they would work for no less than 45c an hour, the wage before being 40c. The Master Builders' association then held a meeting and declined to recognize the demand, sending notice to the carpenters that the 40c wage would still prevail. On March 1 all the carpenters went out and the Master Builders held another meeting and decided upon an open shop. All the contractors have been told to the open shop with the exception of John Walker, Van Houten, Stuart Construction company and Scupham & Weaver who have acceded to the scale submitted by the carpenters.

The strike affects principally the work on the nurses home at the State hospital, the contractor for which is W. C. McCullough, and the Strawn home, which Joseph De Goveia is building. De Castro & Co. are doing the masonry work at the hospital and would have had it completed in about two weeks. Ellsworth Wells has the contract for the plastering of the Strawn residence. The workmen who went out declare that there is no feeling against either Mr. De Castro or Mr. Wells, but it is on account of the employment of non-union labor that they take such action.

PUBLIC HEARING HELD.

The board of local improvement held public hearings Tuesday morning for a sewer on Dunlap street, from Main street east 555 feet; another on Doolin avenue from independence avenue to Walnut street; and another on Cox street from independence avenue to Farrell street.

THE WEATHER.

The temperature for Tuesday, according to G. H. Hall of Alexander, was: Maximum 78 and minimum 67.

PRESBYTERY RELEASES REV. N. W. THORNTON

Formal Action Taken at Session Held Tuesday—Minister's Going is a Loss to the Community.

A called meeting of the Springfield Presbyterian church, Jacksonville, Tuesday, May 7, at 2 p. m. Rev. L. H. Davis, the last moderator present, presided, and Dr. A. B. Morey was made clerk. The pastoral relation of Rev. Norbury W. Thornton to the Pisgah Presbyterian church was dissolved and Rev. Mr. Thornton was accredited to the Presbytery of Rock River.

The church was granted leave to supply itself till the fall meeting of Presbytery. Pisgah Presbyterian church is a wide awake body of Christians with a live Sunday school superintendent and well chosen board of officers. The Missionary society is one of the largest in the Presbytery, and the Willing Workers are financiers of note.

The church is united and purposes to move only forward. Rev. Mr. Thornton and family feel deeply the withdrawing from the association of these two one-half years and will ever hold in sacred memory the new friendships formed in Morgan county.

As mentioned in the Journal Tuesday, Rev. Mr. Thornton preached his farewell sermon Sunday morning to a large audience, his theme being "Heaven the Reward." It was the third of a series of sermons which had been deferred from another date and was especially appropriate for this final service. The minister spoke of how this reward is commonly regarded; what it would be to miss this reward and that God intends that each shall make a heaven in this world. It was a thoughtful and helpful discourse. Rev. Mr. Thornton made no appeal to sentiment, but he spoke of the firm friendships which had been established during his pastorate, of how he loved the church and its members and the deep feeling of the congregation was manifested. In his farewell remarks the minister reviewed the work of years and mention the hearty support he had received along all lines. Frank Donneberger was named as chairman of the boys' brigade and Mrs. James T. Holmes, chairman of the literature committee to serve during the time the church is without a pastor.

After the regular service the congregation was called to order and the resolutions given below were read by Irvin Stevenson. The resolutions committee consisted of Miss Eleanor I. Moore, Mrs. F. E. Drury, Mrs. Emily Tindall, Mrs. J. T. Holmes and Lloyd Cox.

Rev. Mr. Thornton and family will leave for Monmouth today, where the family will reside. Mr. Thornton's work, however, will be in connection with the William and Vashli college at Aledo, of which he will be field agent. He is to have part in the work of raising an endowment of \$100,000 for this college. Judge Burgess, who opened the Billy Sunday revival in this city, is president of the board of trustees of the college.

The people of Pisgah sincerely regret to have Rev. Mr. Thornton leave them. He has served the church well, has built up all of its departments and has made the membership of that church in truth a Godly man, strong in the faith and having only one purpose—that to serve his Master with the true spirit of devotion. He is an able pulpit speaker, a good organizer, a thorough Christian and his going is a distinct loss not only to Pisgah church, but to the whole community as well. The resolutions mentioned were as follows:

Resolved, That we express to him and his honored wife our sincere regret that the ties which have bound us for more than two years are now to be severed.

That as we keep in remembrance his unflinching devotion to the Master's work, we endeavor to strive more than ever to weave the same Christian character into our own lives and let his example remain with us an incentive to greater faithfulness in the Master's service.

His heart and hand have ever been ready to respond to the call of the needy and sorrowing.

His interest in the welfare of the community in all phases of life has been most generous.

His influence and that of his family have been for the uplift of the community.

Resolved, That the prayers of the church follow Mr. Thornton and his family into their new life, asking that they be spared many years to the service of God's work and that success may follow their efforts in whatsoever direction they may be expended in the great cause.

Resolved, That a copy of these resolutions be presented to Mr. Thornton and family and a copy be placed upon the church records.

Committee on Resolutions, Pisgah Presbyterian Church.

BAND CONCERT AT WAVERLY.

The Waverly band will give a public concert Thursday night. The band has been organized only a short while, but has been doing some excellent work under the direction of Prof. Blood of Springfield.

OBITUARY.

At her home two and one-half miles north of Manchester, April 27, 1912, at 8:30 p. m., the soul of Margaret Reardon passed peacefully from earth to heaven, having fully resigned her will to the will of God.

In the simplicity of her life there was a charm and attraction experienced by all who met her. Her great love for God and for every creature of God was reflected by her untiring efforts to help all in sickness and trouble, admonishing when necessary with a quietness and gentleness that made all love her.

Margaret Hickey was born in Tipperary county, Ireland, in the year 1836 and came to America in 1854, spending a few years in New Jersey. She then came to Jacksonville, where she was united in marriage to Owen Reardon, Nov. 23, 1863; to this union were born seven children, viz: Mrs. Timothy Murphy of Morgan county; Mrs. Miles Fitzpatrick of Lynnville; Mrs. Thomas Maloney, who died August 21, 1906; Owen, dying in infancy; Dennis J. of Scott county; Mary died at the age of 11 months, and Miss Alice T. at home. There are also thirteen living grandchildren.

Funeral services were held at St. Mark's Catholic church at Winchester, April 30. Interment was in Catholic cemetery at Winchester. The bearers were William and James Ring, John and Michael Robinson, Luke Maloney and James Myers.

A large gathering of friends and neighbors followed the remains from the home to the church and cemetery, to show the esteem in which she was held and to extend their sympathy to the bereaved husband and children. Though comforted to know that to live as she lived, means to go where she has gone. May her soul rest in peace.

PRENTICE SCHOOL CLOSES.

Miss Valie M. Ogle has just closed a very successful year as teacher of the Prentice school. On the last day a splendid program was given and an all day picnic enjoyed. Enid Hubbs, a pupil in the school, established a record which few in the county have made. He was neither tardy nor absent a day during the term.
